

Chef's Hat

Materials: White poster board, white tissue paper, tape and 2 stick on Velcro circles.

Measure the scouts head to see how long the band should be. Start with a band of white poster board (measurement of scouts head plus overlap and **6 in.** high, and **2** sheets of 20-by-26-in. white tissue paper. Tape the tissue paper sheets ends together to make a long piece. Fold the **6 inch** by (measurement of head plus overlap) in half to make a **3 inch** band.

Gather and tape the sheets along the hatband, overlapping the sheets slightly. Leave some tissue at the ends loose so the hat band can make the overlay. Curl the band tape; place it around a boy's head and put the Velcro circles on the ends. Gather the tissue at the top, taping it tightly together. Cut off the extra tissue and turn right side out. Reattach the 2 Velcro circles, puff up the tissue, and start cooking!

FOLD

3 inch high band

OPEN SIDE OF BAND

Tape tissue inside the band gathering as you go!!!
