

UNCLE AL'S HANDS-ON UNIVERSE SKY WHEELS

Instructions for Using Uncle Al's Star Wheels

1. Align your date and time, and then look up at the sky.
2. Locate the constellation you want to find on the map.
3. Turn your map so the horizon it is closest to is at the bottom.
4. The star positions in the sky should match those on the wheel!

Wheels are based on LHS Sky Challenges created by Budd Wentz and available through LHS Museum Store
